PostgreSQL on SAP Business Technology Platform (BTP)

AMISTA

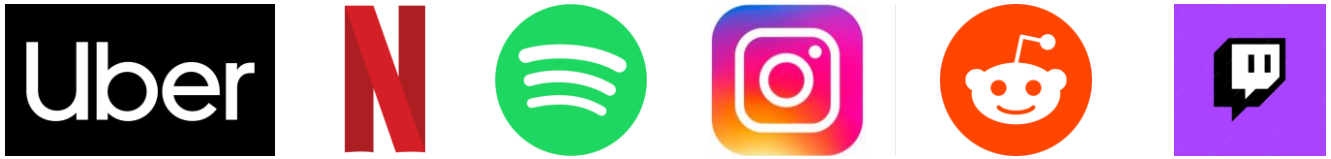
We're going to talk about

1. What is PostgreSQL
2. PostgreSQL service on SAP BTP
3. PostgreSQL versus HANA Cloud
4. Use cases
5. How to get started
6. Pricing
7. Demo
8. Conclusion
9. Q & A

AMISTA

What is PostgreSQL?

- Open-source object-relational database system
- Exists more than 35 year with proven architecture
- Strong reputation
  - Reliability
  - Data integrity
  - Accuracy
- Runs on all major operating systems



PostgreSQL service on SAP BTP

- Available on all SAP BTP data centers
- Combines the flexibility of PostgreSQL with the advantages of SAP BTP
- Features:
  - Secure data access
  - Managed backup and restore
  - High availability and fault tolerance
  - Flexible scaling
  - Extend your database functionality

Use Cases

- Web Application
- Data Analytics
- Microservices

Like almost every database service…

PostgreSQL versus HANA Cloud (1 / 2)

	PostgreSQL	HANA Cloud
Database Type	Relational	Cloud-native in-memory
Data Model	Traditional relational	Relational and columnar models
License	Open source	SAP proprietary
Performance & Scalability	Quite qood	Superior
Data Processing	Standard features	Complex analytical queries

AMISTA

PostgreSQL versus HANA Cloud (2 / 2)

	PostgreSQL	HANA Cloud
Integration with SAP services	Additional config	Out-of-the-box
Cost	Low-cost	Higher costs
Advanced features	Less	Multi-model, geospatial, etc.
Community support	Large community	Only from SAP

PostgreSQL with CAP

- Capable of running an instance of PostgreSQL within a Docker container

- **Deployment on SAP BTP - Cloud Foundry**
  - Create a database deployer module
  - Bind PostgreSQL service to all MTA modules

- **Database instance exploration & interaction**
  - Development: connect docker with DB management tool (Adminer)
  - Production:
    - Setup SSH tunnel between PostgreSQL service and CAP service
    - Connect with DB management tool (DBeaver)

Pricing

SAP Discovery Center	Price / month / Block of 5GB
Free Tier	0 EUR
Storage	20 EUR
High Availability	22 EUR
